

TRINITY SUNDAY

The Storyteller walked through Galilee breathing into his words the Spirit of Abba, his Heavenly Father. Such was his passion for Abba that where he was, there was the Spirit of God. The glory of the Father was channeled through him.

Our belief in Christ links us to his story and his way of being human in the sight of Abba. All of his parables are about the love of God for us and our love of God inspired by Abba's love of us. This is revealed through the Spirit of God.

When we approach Jesus we also approach the Father. This may be the origin of his claim that he and the Father are one. Through him we draw near to the Father. He comes as the agent of God who becomes the pure likeness of the One who sent him. We are sent to bear the message-word of God's love and its heavenly outcomes on earth. This is unity in its spiritual depth for those who have souls to burn with love and minds to express it with tranquil intensity.

The message of Jesus is that love wins, hate fails and rage and violence are dissolved by the love of God. That unholy triad diminishes the earth with the seduction of evil intent. The purest expression of love came to earth. His Spirit speaks to us still, bearing the love of the Father of all lights. That triad lifts our spirits and sustains our hope in a Good Friday World. We are a Resurrection People with hope for a broken world. Lift up your hearts!
