

TRINITY NEWS

The road to Emmaus is a road well traveled. It is a road where hope is born in the most unexpected situations. Like another Christmas story when tiredness, confusion and only a stable to rest your head turns out to be the chosen place for the Jesus to be born. The scene quickly changes to the Holiest night ever. Cleopas and his companion had lost hope after Jesus had died, when Jesus arrives and walks with them they are downcast. Jesus does not immediately try to make them feel better. He walks with them through their broken dreams to a hope they never imagined.

They only recognized Jesus around a meal, in the breaking of the bread. But he was always with them on the road, even if they could see Him or not.
