

TRINITY NEWS

After watching an inspiring movie I can feel encouraged to live more fully. Convincing acting with a clever plot will do it all the time. But the motivation can be short lived. The Good News story we read in today's Gospel is like reality TV. A cast of unsure and unlikely disciples waiting for a savior to rescue them. However instead of flying in like a Superman, Jesus places a twist in the story and leaves the disciples to finish the plot of God's Kingdom to be built. The Holy Spirit will make an entrance from stage left into the story, to breath new life into the cast and crew to keep the faith and finish the race.

Love and prayers.
Fr. Peter

*Happy Mother's Day
to all our dear mothers
and mother figures!*

New Acolytes will be coming soon to Holy Trinity Church. A thanksgiving farewell collection for our present Acolytes Johny and Bonifacio's ministry in worship and work to keep the grounds as good as they are. Please pass any money to acknowledge this to Maricel in the Office.

Thank you for your consideration.
