

TRINITY NEWS

Christ the King! Hmm, the King's I heard about in storybooks and watched on TV were well fed, had lots of friends, fine clothing, good health and definitely not in prison. Why is Jesus breaking the mould? Wouldn't he get more respect to aim for the traditional golden crown and royal throne? In Matthew's account today he not only identifies with the hungry, thirsty, stranger, the naked, sick or imprisoned, he said that was him.

The Lord will reign forever and
will give his people the gift
of peace

Maybe this kingdom has a different justice system built on compassion, a kingdom where the marginalised and poor are lifted up with loving hands and blessed. But whose hands are going to do this? If I'm reading the Gospel right, it's all of us. Maybe this new kind of King is worth worshiping and obeying.

In Christ,
Fr. Peter

Notices:

Advent: Next week is the First Sunday in Advent. Advent means arrival, a time of preparation and worship together preparing us for the arrival of Christ, a King. If we knew a King was coming to visit your home, how would you prepare. This service will also be an opportunity to bring a Harvest of Goods for the Mangyan Children of Mindoro. If you would like to be part of a road trip to meet the children and hand deliver the goods see Marie Whale.

Mangyan Children of Mindoro: We wish to solicit toys, candies, chocolates, biscuits and toiletries for this Mangyan Tribe of Mindoro to uplift their spirit for this coming Christmas. Marie Whale will visit them on their Advent Fiesta to deliver the donations. We may have an opportunity to visit again with others in the New Year.

Thanksgiving: Thank you to Ratna for coordinating the wonderful team of workers for the well attended Thanksgiving Service last Sunday. We do have much to give thanks to God for!
