CHRISTMAS 1. DECEMBER 30, 2018

In the beginning was the word, "logos" the heartbeat and breath of God expressing desire for creation. This word was beyond any spoken language we know, more than English, Filipino or Norwegian. The language of God is far beyond the spoken word or the written word. God spoke into the world through his Son. Maybe this multi layered language of God is best heard when we listen in new and refreshing ways, which oddly enough rely more on what we see with our inner eyes, rather than what we hear with our ears. May 2019 be a year of continuing to grow with and in the language of the word made flesh.

Happy New Year.
Fr. Peter & Deacon Mary
